The University of Kansas supports the practice of protection for human subjects participating in research. The following information is provided for you to decide whether you wish to participate in the present study. You should be aware that even if you agree to participate, you are free to withdraw at any time without penalty.

We are conducting this study to better understand how nonprofit organizations are using digital and social media to support organizational goals. This will entail your completion of a questionnaire. The questionnaire packet is expected to take approximately 15 minutes to complete.

The content of the questionnaire should cause no more discomfort than you would experience in your everyday life. Your name will not be associated in any way with the research findings.

If you would like additional information concerning this study before or after it is completed, please feel free to contact Prof. Hyunjin Seo by email (hseo@ku.edu). Completion of the survey indicates your willingness to participate in this project.
